ERFURT**

university public event

## Housewarming for the „World Relations“ research building

The University of Erfurt invites all university members to a first visit to the "World Relations" research building on **Monday, 10 July 2023**, from 12 noon. On this day, they will have the opportunity to visit the new building during guided tours at 12.30 and 13.30 and to talk to the research groups and institutions that will be housed there in the future.

These then invite you to other events of their own in the course of the week — including the Max-Weber-Kolleg's summer party and the awarding of doctoral hats to doctoral candidates on 10 July; the Institute for Planetary Health Behaviour's "Science Aperitivo" on 11 July; a reading with music organised by the Theological Research Centre on 12 July and the farewell ceremony for Brandt School students on 13 July.

On Thursday, 13 July, at 1 pm, there will be another opportunity to take part in a guided tour of the building.

The **official inauguration of the research building** with guests from politics, business, science and society will take place on 18 October 2023 from 12 noon.

Up-to-date information about the research building and the announced events can be found on our research building website:
