

Digitalization and the Welfare State

UNIVERSITÄT
ERFURT

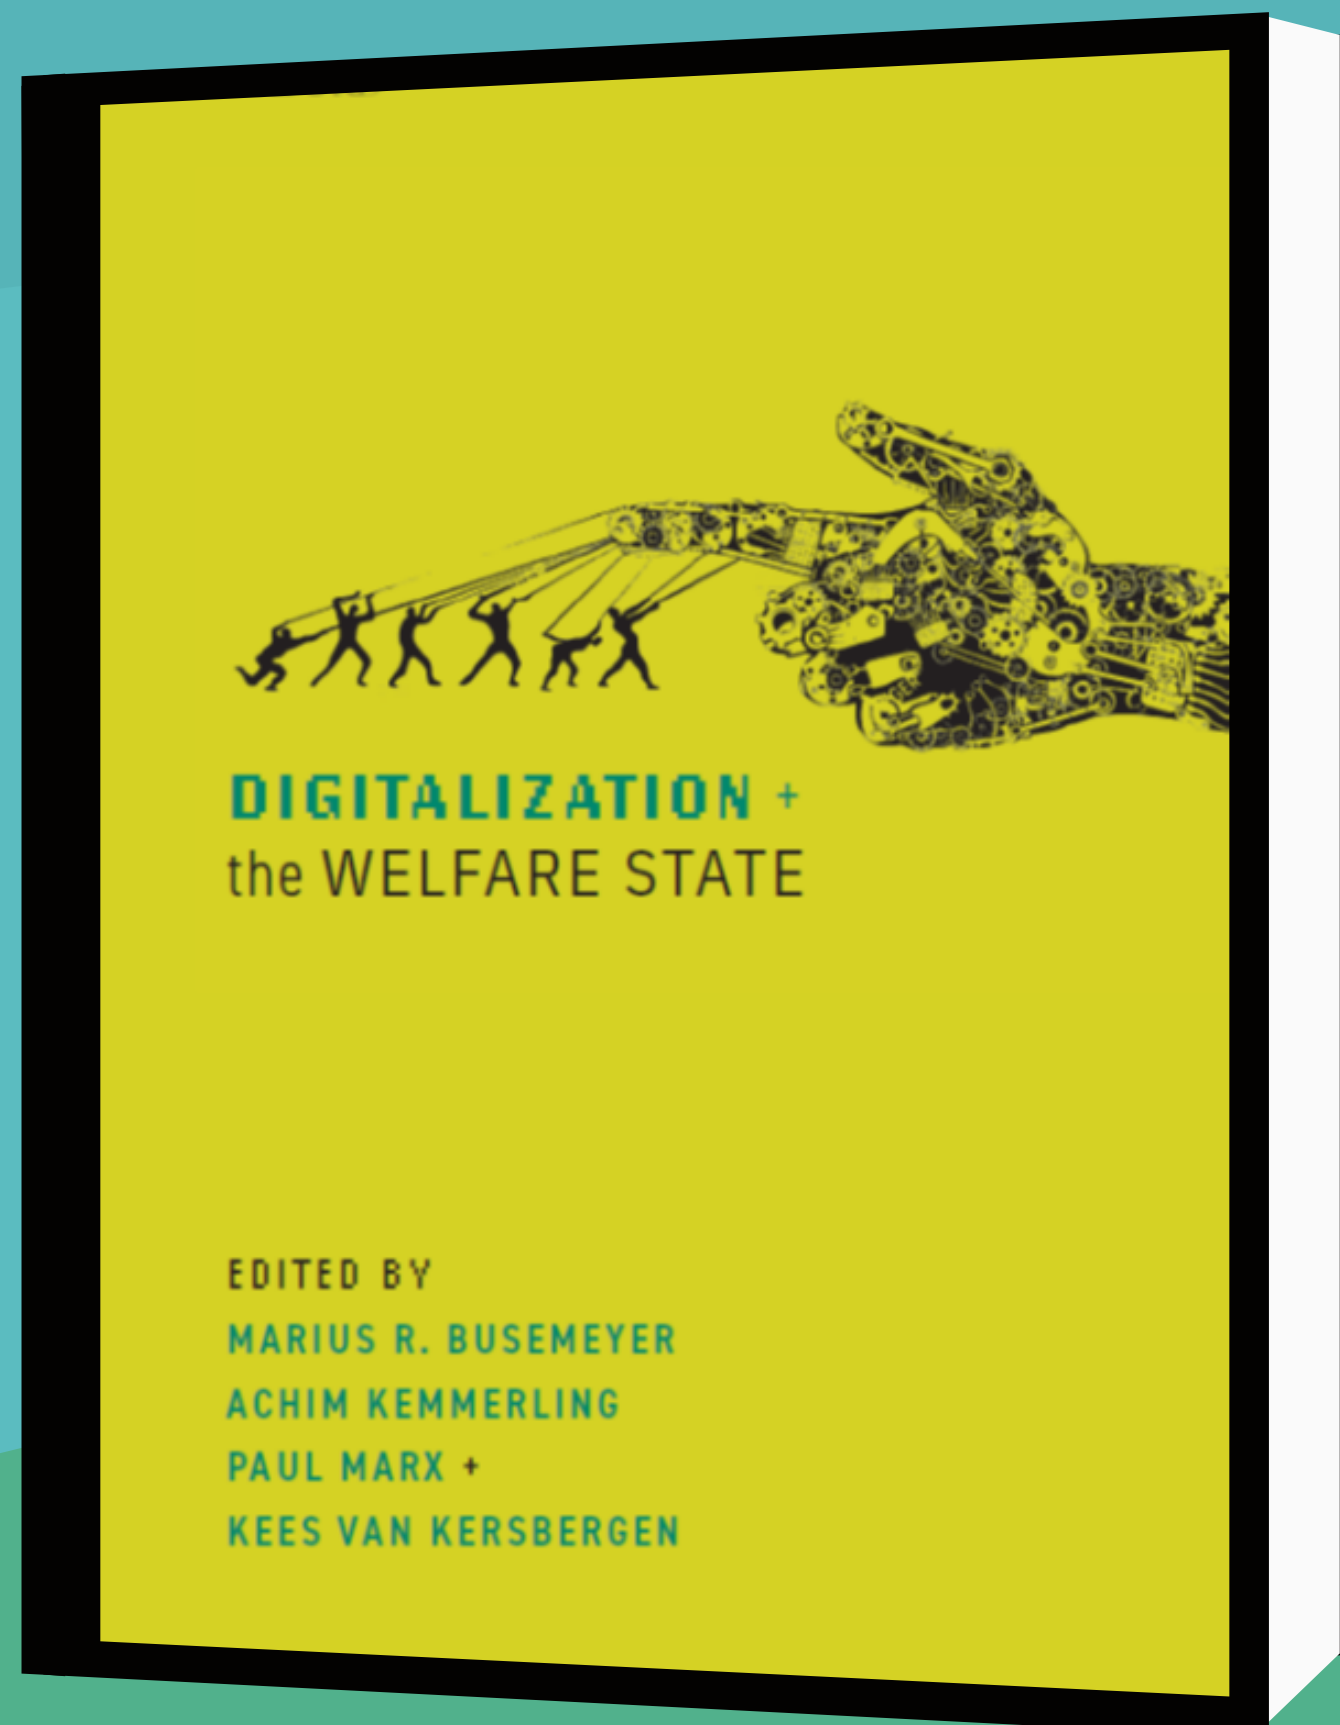

Willy Brandt School
of Public Policy

discussed by David Rueda (Oxford)
and Aina Gallego (Barcelona)

First comprehensive analysis of the impact of digitalization on welfare states

Uses a mixture of different approaches (individual-, meso- and macro-level analysis) as well as different methods (research on attitudes, content analysis, and comparative cases studies)

Offers an overview of policy changes in a broad range of policy areas
