

SERIES

SpatioTemporality / Raumzeitlichkeit

Practices-Concepts-Media / Praktiken – Konzepte – Medien

Ed. by Sebastian Dorsch, Bärbel Frischmann, Holt Meyer, Susanne Rau, Sabine Schmolinsky, Katharina Waldner

The aim of the series is interdisciplinary scholarly exchange pertaining to practices and concepts in the double perspective of space and time in studies informed by current theoretical approaches. Spatiality and temporality are treated as constructs in inextricable correlation with each other in contexts both historical and contemporary. The core concern is the role of space and time in people's sociocultural and life-world concepts of themselves and in media representations.
