

What's up with International Politics?

Reflecting on current world disorder –
A conversation with the StaWi PhD's and Postdocs

16.04.2026 | 12-4 pm | Forschungsbau | C19.00.02/03

International politics appears increasingly fragmented: new wars, shifting alliances, rising powers, and competing visions of global order. What does this mean for the future of international relations?

PhD researchers and postdocs from the Graduate Centers **C2PO** and **EIPCC** invite you to a conversation reflecting on current transformations in global politics.
