OTHER OPPORTUNITIES AT THE LANGUAGE CENTER (SPRACHENZENTRUM)

Are you interested in closer contact with German students?

• You can assist an instructor of your native language (e.g. Spanish, Russian, Italian, French or English) by participating in activities both in and out of class.

• Participate in writing workshops, language cafés or homework tandems.

• In this way you learn more about your own language while also improving your German.

The relevant instructors will be happy to advise you.

Language tandem

• You and a German native speaker can work together, learning each other’s language. Each of you serves as an expert in your own language and culture.
